Arrival & Access

Finding Your Way

Elevator or the scenic route?

Our friendly reception team is on Level 29 if you need a hand. Directional signage around the office will help you find meeting rooms and other facilities.

Stairwell Navigation

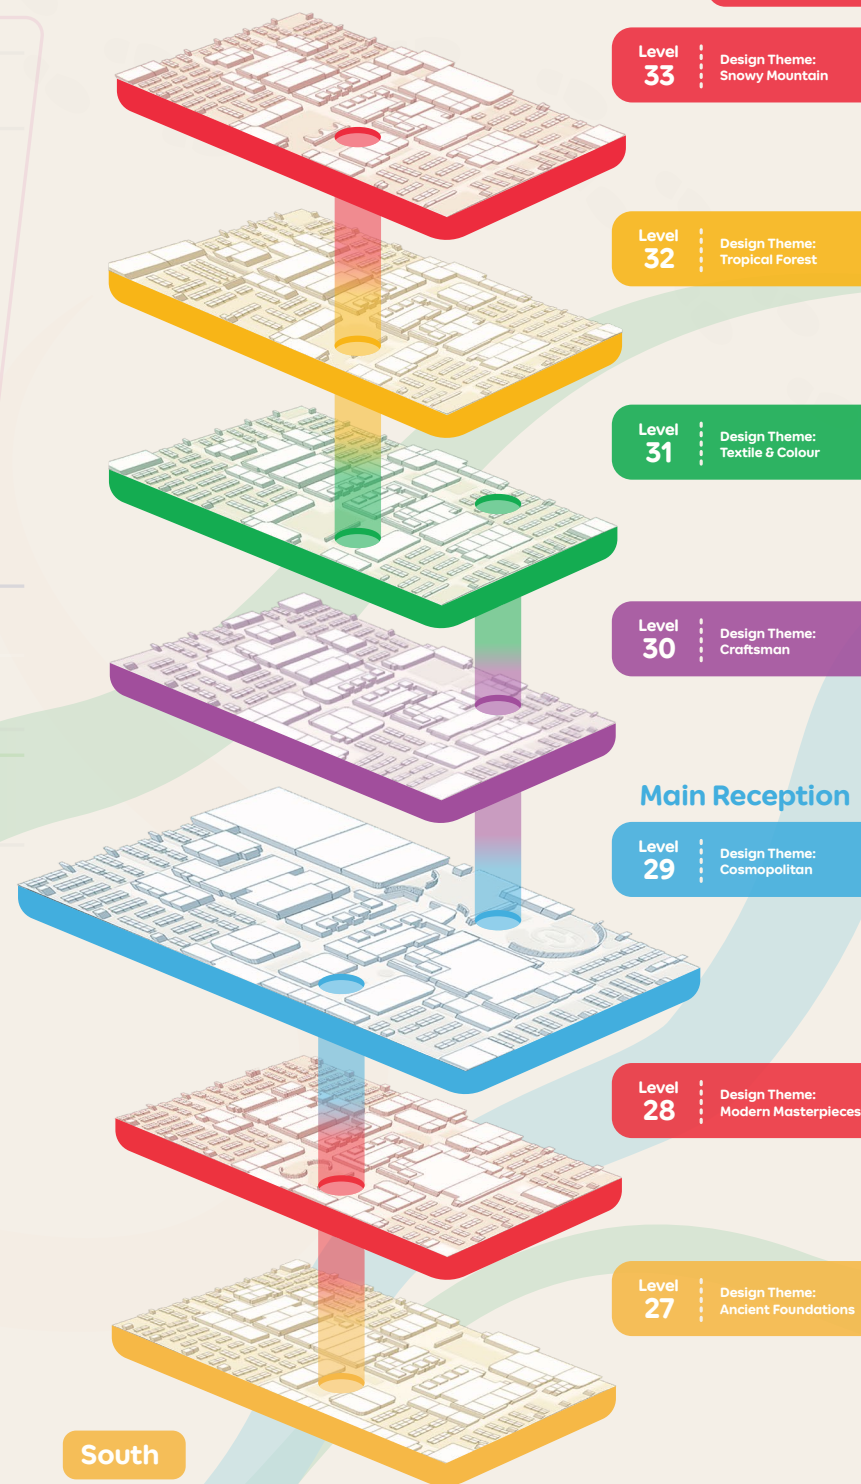

Not every floor looks the same and even the stairwells follow the theme. **The South Stairwell has yellow handrails (sunrise)** and **the North Stairwell has purple handrails (sunset)**. Think of L29 and L31 as your transfer hubs, the handy connectors of the office. And yes, the elevators exist but where's the fun in that?

Arrival & Access

Finding Your Way

Admire the artwork on your journey

Each landing has its own design theme, from Ancient Foundations on Level 27 to Cosmopolitan on Level 29, and every floor in between has its own visual world waiting to be discovered. Take the stairs for a one or two floor journey and you will find yourself pausing more than you expected. That is entirely the point.

Framed Moments

As you move through the building, look out for framed moments captured by the people who work here, scattered across every floor.

03 Personal Storage

Your Smart Locker

Your stuff. Your space. Every floor.

Store your keyboard, mouse, notebook, helmet, hoody, and other essentials so you can move hassle-free between meetings and workstations across floors. Tap your badge at your locker and carry only what you need for the day.

Move It Anytime

If you move to a different floor or team zone, your locker can move with you, so your belongings stay conveniently accessible.

Flexible Individual Workstations

Find an available seat in your team zone, plug in, and get to work. Workstations include a height-adjustable desk, ergonomic chair, 34" ultra-wide monitor with USB-C, and phone/laptop charging.

For more flexibility, touchdown workstations are on every floor with highchairs and 32" screens (USB-C) and great views.

All employees receive their own Bluetooth keyboard and mouse, which can be stored in your personal locker after use.

Find Your Workspace **Connect**

From Team Huddles To Large Presentations

From 1:1s and team huddles to large QBR presentations, there's a space to suit every meeting requirement at One Bangkok – with a range of room sizes designed to support different kinds of collaboration.

Artist Spotlight

Created by **Ease Studio**, a local Bangkok artist, this mural is inspired by Bangkok's energy, reflects Agoda's collaborative spirit, and features One Bangkok Tower 5 in Agoda brand colors.

Each meeting room is fitted with double-glazed glass and enhanced soundproofing to ensure privacy and confidentiality.

All meeting rooms (excluding single phone booths) can be reserved via Outlook.

Find Your Workspace Gather

Themed Social Houses On Every Floor

Our seven themed Social Houses double as pantries and relaxed shared spaces. They're perfect for quick coffee chats, informal catchups, team meals, or focused work. Most tables have power sockets so you can plug in and stay productive.

How to use

Just walk in. Grab a seat, plug in if you need to, and treat it like your own kitchen table. Be mindful of noise levels during busy periods, **tidy up after yourself**, and leave room for the next person to do the same.

Pantry Highlights

We've expanded snacks and drinks to support you throughout the day: **bean-to-cup coffee, juices, teas, fresh fruit, yogurt, wholegrain snacks, light ready-to-eat meals, and grab-and-go options.** Dietary needs are covered with **vegetarian, vegan, halal, gluten-free, and lactose-free** choices.

Sustainability At One Bangkok

Your New Daily Routine, Sustainably Reimagined!

A closer look at the sustainable office features that power your workday

Arrive

LEED ND Platinum Building

Our office is located within Thailand's first development to achieve LEED for Neighborhood Development (LEED ND).

Lights That Adjust With Your Day

We use LED lights with daylight sensors that automatically adapt to natural light, helping reduce unnecessary energy use.

Focus

Connect

Furniture With A Second Life

We prioritize furniture with recycled and repurposed materials - from chairs using recycled coffee grounds to stools made from reused fabrics & desks crafted with recycled wood.

Wrap

Recycling Made Easy

We set up recycling stations across the office to make it simple to separate food waste, general waste, and recyclables.

Bring Your Favourite Cup

Bring your cup and enjoy a 10% discount at Agoda Bridge Café while cutting down on single-use waste.

Recharge

Refresh

Saving Water, Every Day

We install low-flow fixtures at pantry sinks and washroom faucets to reduce water use in small, everyday ways.
